ABOUT ME

Hi, my name is Carey Digsby, and I am a multidisciplinary artist with more than 30 years in the arts.

My artwork celebrates the depth, diversity, and lived experiences of our day to day, as well as our history. Defined by bold textures, layered symbolism, and cultural storytelling.

I am based in Gastonia, NC and active in the Charlotte arts community, I invite viewers to see themselves reflected in the pieces created that center culture, creativity, and the stories that shape us.
